About the Graduate and Professional Student Association

The purpose of the Graduate and Professional Student Association (GAPSA) is to establish a forum through which graduate and professional students are able to address issues, give graduate students a chance to advocate for the greater good, enable graduate students to grow professionally and socialize with one another, and create a stronger graduate community that promotes personal and academic success. The goal of GAPSA is to bridge the gap between faculty and graduate students, build a stronger connection between University Life and graduate students, conduct professional development programs for graduate students, create social outlets for graduate students, build the strength of the graduate community, enhance the graduate experience, and increase Mason's competitive edge.

Structure

The Graduate and Professional Student Association (GAPSA) is comprised of only one elected, governing body, known as the Association (or Executive Board), which consists of the President, the Vice President of Fairfax Campus, the Vice President of Arlington Campus, the Vice President of Science & Technology Campus, and the Director of Communications. GAPSA is responsible for the general operation of the organization and for being the collective voice of all graduate and professional students.
